An AIL representative will call on you to deliver your certificate of coverage, witness your beneficiary designation, and provide your other no-cost items. AIL has other supplemental insurance benefits that may be available to you and your family. If you have questions, please call American Income Life Insurance Company at 1-800-495-1213.

Dear A.E.T.C. Member,

The insurance programs being offered to you today are being made available on a voluntary basis through the cooperation of the Association of Electromyography Technologists of Canada and American Income Life Insurance Company, a company that has a long-standing history of serving Associations and their families.

AIL's supplemental benefits are not in competition with any group benefits through your workplace/employer and can complement any insurance policies you may already have. If you choose to take advantage of any insurance programs offered through AIL, your benefit program is permanent and portable throughout your lifetime.

American Income Life provides insurance services to millions of policyholders throughout Canada, the United States, and New Zealand and has over \$50.4 billion of life insurance in force. If you qualify, your coverage lasts a lifetime and is under your independent control. Once the program has been explained to you, we're sure you will agree with the many participating members how valuable this program can be in a time of need.

There are several benefits available. Please take a few minutes to listen to the AIL representative who is visiting you. If they can help you with your needs in this area, please take advantage today. We would like your feedback, so please take a minute to complete the Report Form. This information helps us serve you more effectively.

Sincerely,

Michelle Van Niekerk
